

Ceilcote Air Pollution Control

Air-Cure Dynamics, Inc.

Ceilcote APC, one of the world's largest manufacturers of air pollution control and air handling equipment, is seeking a full-time General Manufacturing applicant to join our team in Lagrange, OH.

Plastic welding experience needed to fill an immediate opening in the Lagrange area. Laying-out, firing-up and welding plastic assemblies for use in the environmental protection industry make this an exciting opportunity. Your added experience with inventory control procedures and computerized inventory systems will be an added plus when applying for this position.

Drug screening and a post offer physical is required. We are an equal opportunity employer. Experienced applicants are encouraged to apply immediately by sending your resume with salary requirements to: jobs@ceilcoteapc.com
